Notre Dame de Lourdes Catholic School

*The Neighborhood
School with a Big Heart*

At a Glance

Founded in 1962, Notre Dame de Lourdes is a Catholic elementary school in the Archdiocese of Philadelphia, making it part of a centuries-long tradition of academic excellence. As America's first Catholic schools, AOP schools focus on the development of the future leaders of our communities and institutions with the unique benefits of a faith-based Catholic education.

As the parish school of Our Lady of Peace, we are committed to giving our students the tools, skills, and guidance they need to overcome 21st-century challenges and flourish intellectually, morally, and spiritually.

Our students participate annually in TerraNova testing; our curriculum is aligned with the Common Core State Standards; and our faculty uses the latest technology and teaching techniques, all in a safe, faith-focused environment where the most qualified teachers instill moral and spiritual values that will last a lifetime.

Small Classes with Big Results

Mission Statement

- Notre Dame de Lourdes is a Catholic school where Jesus is the reason for our existence.
- We live our Gospel values through a strong commitment to service to the parish and local communities.
- Our vibrant and challenging curriculum develops creative, critical, and moral thinkers.

Together, we strive to meet the challenges of the future by empowering our students to meet the demands of a rapidly changing and morally complex world.

Curriculum

Lessons and activities for Graded subjects (English Language Arts, Math, Religion) are taught and reinforced with brain-based learning strategies. There are many opportunities for hands-on activities, cooperative learning projects, interactive Smartboard activities, and learning community projects across grade levels.

Also offered:

- Social Studies
- Technology
- Fine Arts
- Physical Education

Younger Grades

Guest Readers - Parents or other family members are invited to share a favorite story with the class.

Scientist for the Day - Parents demonstrate simple Science experiments for their classes.

First Grade Buddies – Starting in Kindergarten, 7th Grade students partner with the students to do activities together for a year. The partnership is continued in First Grade.

PreKindergarten – 5th Grade buddies with our youngest students to do activities together. During lunch recess, 7th Grade acts as safeties while the younger kids play.
